**7<sup>th</sup> June**

SCLC Leaders Meeting  
- Quaama PS

**12<sup>th</sup> & 13<sup>th</sup> June**

Mr B & Danielle -  
Additive Strategies -  
Tathra PS

### World Environment Day

Monday afternoon we had a special guest in Dave Gallan who is an old Tanja PS principal and local photography/film maker/environmentalist. It was a great session that fit in nicely with our study of the local environment and link to World Environment Day on Wednesday. Dave talked to the children about different photography and filming techniques as well as highlighting our local flora and fauna. Students were able to share their knowledge of the environment and different species.

### Cold and Wet Days at Tanja

This week we had the opportunity to spend time inside and enjoy other ways to use our playtime. There was jigsaw puzzling, our new game hookey, monopoly, geo-shapes and pixel art. The occasional wet day is fun for the kids to investigate the collection of games that we have in the storeroom.

The purchase of two new games, finska and hookey, have been much appreciated as before school and playtime additions.

### Morning Routine

I am really enjoying children arriving at school before 9 am, as this gives them a chance to settle into the warm classroom with a quiet activity. Arriving early allows students to catch up with friends, which is a lovely way to start the day rather than arriving to go straight into learning activities.

### Student of the Week

This week's student of the week is **Hiro**! Hiro is being recognised for his determination to display sportsmanship and celebrate others' achievements in class games. Hiro is beginning to understand that we cannot always be the winner and that playing games with our friends is rewarding in itself.

Fabulous Hiro!

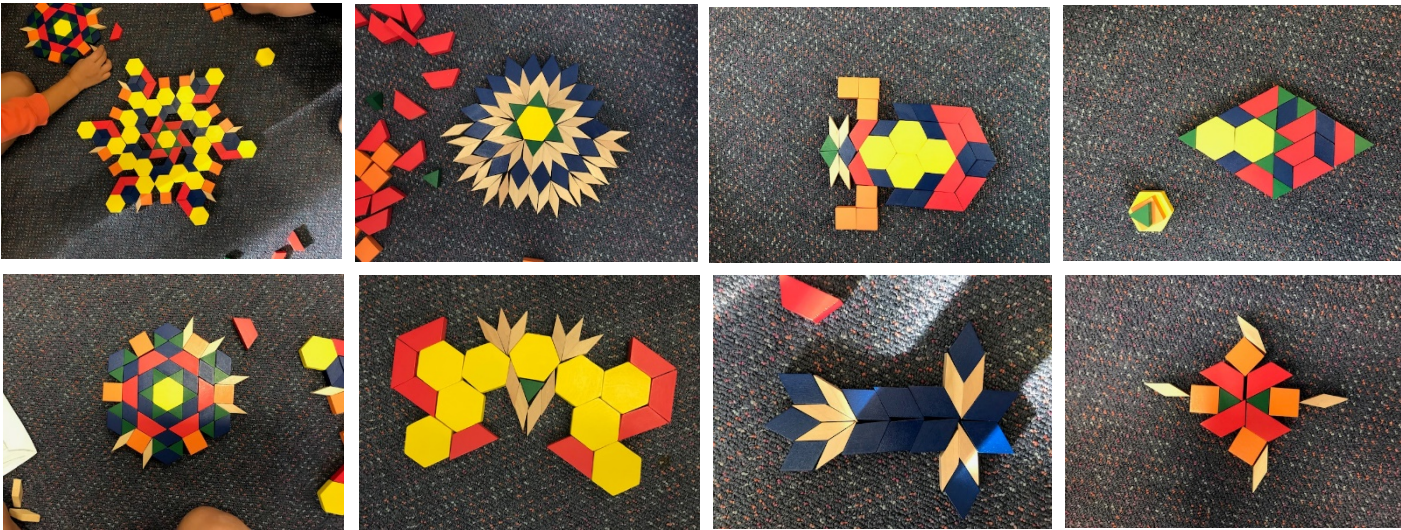

Week 5 Art (week 6 was too fascinating, I forgot to take photos)

Fun with pattern blocks in the morning

Rainy Day Fun
