Sydney - travelling 29th
March

2nd April

EFPT training - Bega
(Danielle & Rosemary) -
1:30-3 pm - Mr B on
class for half-day
Sue in the office.

On the Perch

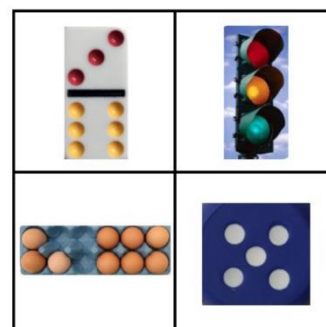

This week was our last visit to 'On the Perch', it has been a valuable learning experience with high student engagement. The program had links to curriculum, geography in how we take care of places, science with an understanding of what animals need to survive and creative arts with photography. We give a huge shout out to Steve Sass for his generous time volunteered teaching our students.

Getting Reasoning Right: Reasoning Beyond Explaining

Today I am driving to Sydney to participate in the Mathematical Association of NSW's K-8 Maths conference on Saturday.

This year the conference has a couple of inspirational keynote speakers in Dr Paul Swan and Katherine Cartwright. I am really looking forward to learning as much as I can to incorporate into our maths program for term 2.

Tanja Market Day

Monday's meeting was very productive with a completed roster of jobs for the day. Communications are going around on the group email, so let's keep ticking off tasks and supporting one another to make sure our market is a fabulous day.

Student of the Week

This week's student of the week is **Sunny**! Sunny has been working hard to improve accuracy and fluency in addition and subtraction through daily maths mental practice. He has had exciting improvement in both accuracy and fluency.

Well done Sunny for your magnificent maths!

Tales from the office

Thanks to everyone for selling tickets for a new car and getting the books back so I could return them to Pambula School today. The total amount raised by our little school was \$755- Well done parents and staff!

Please complete and return the fluro pink Appendix 5 forms as soon as possible as they pertain to volunteering parents/relatives at this school.

Limber up kiddies! We are having a full day of gymnastics coming up in week 10 - notes will be coming home next week.

Cheers

Rosemary ☺

Tails' from Mr. 'B'

Today was the last of our 'On the Perch' program visits. A huge thank you to Steve Sass for all the time he put into making sure our students were engaged in learning about the birds and animals. Now we are busy selecting photos for the postcards we plan to sell on Market Day.

Cross Country is coming up in week 2 of term 2 - Friday May 10. Our training started today and if your kids are keen, they could practice during the holidays!

The veggie garden is coming along nicely. Thanks for the weeding done at the working bee, it has really helped to open up the beds and we now have some vision for future planting and rotation etc. Sue has the wire for the lower fence and thanks to Sam and Loz for the 'clips' and tool use.

Enjoy your weekend

Mr. 'B'
